PROFILE

Software Engineer with experience in developing scalable web applications, RESTful APIs, and AI-powered solutions. Skilled in Laravel, React.js, Node.js, JavaScript, PHP, and MySQL, with hands-on experience integrating AI services such as ElevenLabs Conversational AI and GROQ. Passionate about building modern, high-performance applications with clean architecture, responsive user interfaces, and secure backend systems.

EDUCATION

- DIPLOMA IN INFORMATION TECHNOLOGY
- HEWETT POLYTECHNIC, LUCKNOW | 2022

TRAININGS

- PHP TRAINING FROM MECATREDZ TECHNOLOGY PVT LTD LUCKNOW
- (45 DAYS) :- REAL ESTATE (PROJECT)

WORK EXPERIENCE

- SKYESTONE AI TECH PRIVATE LIMITED - Laravel Developer** **JAN 2026 – Present**
Developing and maintaining scalable Laravel applications with a focus on performance, security, and clean code architecture. Optimizing database queries and backend logic to improve system efficiency and application reliability. Collaborating with cross-functional teams for deployment, debugging, production support, and timely project delivery.
- Jamtech Technologies Pvt. Ltd - Laravel Developer** **JUNE 2025 – JAN 2026**
Worked on Laravel-based web applications by implementing secure and efficient backend solutions for business requirements. Improved application speed and database performance through optimization techniques and structured coding practices. Coordinated with development teams to deliver high-quality projects within deadlines while ensuring smooth production support.
- Singsys Pte Ltd - Laravel Developer** **May 2024 – JUNE 2025**
Developed scalable web applications and REST APIs using Laravel while maintaining coding standards and application security. Enhanced backend performance by optimizing database operations and improving overall system functionality. Assisted in debugging, deployment processes, and maintaining stable production environments for client-focused solutions.
- Quick Infotech Technology Pvt Ltd - PHP & Laravel Developer** **May 2022 – Feb 2024**
Developed and maintained dynamic web applications using PHP and Laravel with strong attention to functionality and user requirements. Created and integrated REST APIs while improving application performance and database efficiency. Collaborated with team members for testing, bug fixing, documentation, and successful project execution.

TECHNICAL SKILLS

- Backend**
PHP, Laravel, Node.js, Python
- Frontend**
HTML, CSS, JavaScript, jQuery, React.js, Bootstrap, Tailwind CSS
- Mobile Development**
Flutter, Kotlin, Swift
- Database**
MySQL
- Tools & Version Control**
Git, GitHub, Postman

PROFESSIONAL STRENGTHS

- SCALABLE WEB APPLICATION DEVELOPMENT
- CLEAN CODE & CODING STANDARDS
- RESTFUL API DESIGN & INTEGRATION
- DATABASE OPTIMIZATION & QUERY TUNING
- PROBLEM SOLVING & ANALYTICAL THINKING
- PRODUCTION SUPPORT & TROUBLESHOOTING
- TEAM COLLABORATION & COMMUNICATION
- PERFORMANCE OPTIMIZATION
- PROJECT OWNERSHIP & RESPONSIBILITY

PROJECTS

AI VOICE ASSISTANT PWA

REACT.JS | NODE.JS | ELEVENLABS | GROQ | REST APIS | PWA

- Developed a production-ready AI Voice Assistant with real-time speech-to-speech capabilities using ElevenLabs Conversational AI.
- Integrated GROQ as a fallback LLM to ensure uninterrupted AI conversations when the primary voice service is unavailable.
- Built secure REST APIs for chat, voice synthesis, configuration, and agent session management with browser microphone integration.
- Implemented robust error handling, environment-based configuration, and deployment-ready architecture.

Live Demo: ai-voice-assistant-pwa.vercel.app

DEEDSTERS – SOCIAL MEDIA PLATFORM

LARAVEL | PHP | MYSQL | REST APIS | PWA

- Developed RESTful APIs for a social media platform using Laravel.
- Developed backend APIs consumed by the Web, Progressive Web App (PWA), and Android/iOS applications.
- Implemented APIs for social engagement features, authentication, and content management.
- Optimized backend performance, API response time, security, and database efficiency.
